GETTING AROUND

Getting around Gatlinburg is not difficult because so many things are within walking distance. Visitors can leave their car at their lodgings and walk or take the trolley to their destination.

For attending events in town, several other parking options are also available. The city has two Park and Ride lots, one at the U.S. 441 welcome center on the north end of town and the other on U.S. 321 next to the City Hall complex. From there, the trolley system goes just about everywhere.

There are other parking lots and facilities located throughout town, including two large, multi-level garages. One is located behind Ripley's Aquarium of the Smokies, and the other is next to the downtown welcome center. Although these facilities charge hourly fees, the rates are reasonable.
